Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

**I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.**

COMMENTS: I have been using prescription hormone replacement  
treatment for several years. This has alleviated post-menopausal  
symptoms. I NEED the freedom to obtain this medication from the  
most convenient place. I have been ordering via telephone, and the  
prescriptions have been mailed right to my door. We don't need the  
FDA telling us when or where we may obtain these necessary items.  
PLEASE LEAVE THIS TO OUR DOCTORS AND US! THANK YOU!
